THE TAMARIJN ARUBA ALL INCLUSIVE UNVEILS A BOLD, NEW LOOK FOR 2017

Cunucu Terrace and Palm Grill Restaurants****

ORANJESTAD, ARUBA – (February 13, 2017) – The Tamarijn Aruba All Inclusive has just completed extensive renovations throughout the property that redefine Aruba’s all-inclusive options. New for 2017, the property now features a stylish and trendy look while providing modern luxuries and sweeping views of its signature mile-long white sand beach.

“At the Tamarijn Aruba All Inclusive, we are always striving to improve the visitor experience,” commented Alex Nieuwmeyer, Managing Director of Divi Resorts Aruba. “The property now embodies the most current vision and elevates every stay to the highest level. Both our loyal guests and new visitors will appreciate the upscale amenities, inspired dining, stylish accommodations and iconic beach.”

Guests will be welcomed by chic new décor as they first enter the reception area and lobby. The contemporary reception space is beautifully backlit with LED lighting, and the floor comes to life with a virtual underwater display. Now with more open space, the lobby offers comfortable seating throughout the communal area, as well as private concierge service desks.

The Tamarijn Aruba’s Pizza per Tutti bar is now the central gathering place to meet for poolside drinks during the day. After grabbing their favorite drink or snack, guests can retreat to the trendy pool deck complemented by sun cabanas and lounge chairs. Lit up

after dark, the Pizza per Tutti is where the nightlife begins as guests enjoy live entertainment while indulging in a mix of cocktails, beer, frozen specialties, pizza and other snacks.

The Cunucu Terrace Restaurant is a newly designed space with modern décor as well as expanded indoor and outdoor seating capacity. Guests can choose to dine in a refreshing air-conditioned setting or by the ocean to enjoy the sea breeze. The open kitchen has also been upgraded with new induction cooking stations and a la carte stations that serve fresh fish, steaks and rotisserie chicken. Soft background music completes the perfect ambiance for this new dining experience.

When eating at Palm Grill Restaurant, guests can prepare their own fresh fish, steak or chicken at the interactive hibachi-style tables offering spectacular views of the Caribbean Sea. The façade of the restaurant has been decorated by the famous 3-D street artist Leon Keer. Keer is a Dutch pop-surrealist artist who creates 3-D artwork on the streets across the world, and is best known for designing and producing large advertising murals for multinational companies such as Coca-Cola.

“We at the Tamarijn Aruba All Inclusive are deeply committed to providing the highest quality experience and premium value for every guest stay,” concluded Nieuwmeyer. “Therefore we implemented improvements to raise the property to the highest level and challenge common misconceptions of what it means to be an all-inclusive Aruba resort.”
